

Hawaii Department of Education Immunization Requirements

Hawaii State Law requires all students to meet certain health examination/immunization requirements before entering public or private school.

- Tuberculosis (TB) clearance must be completed within one year prior to first entrance into a Hawaii school and performed by the State of Hawaii Dept of Health or U.S. licensed Medical Doctor, Osteopathic Doctor, Advanced Practice Registered Nurse, or Physician's Assistant.
- Your child's physician must complete the physical examination and transcribe the information onto the Form 14 (Student Health Record Rev. 2009). Immunization and TB test information must be included on to the form.
- Immunizations required for school attendance include a) DTaP/DTP/Td (*diphtheria/tetanus/pertussis*) b) Polio c) MMR (*measles, mumps, rubella*) d) Hepatitis B (*required for preschool*) e) Hib (*Haemophilus influenzae type B*) f) Varicella (*chickenpox*). You will not be able to register your child for school without these immunizations.
