

Immunization Waiver

The following immunizations are currently recommended by the Centers for Disease Control [CDC] for travel to **India**.

- DPT, DT, or TaDP booster (within the last 10 years)
- MMR
- Hepatitis A series
- Hepatitis B series
- Typhoid
- Polio OPV or IPV (within the last 10 years)

NJCU will be offering the recommended immunizations to Study India Program participants through a vendor, PASSPORT HEALTH.

Although NJCU strongly urges participants to abide by the CDC recommendations, participants who do not wish to receive the immunizations may opt out. If you choose not to receive any of the recommended immunizations, please indicate below by marking the right column next to the immunization(s) you intend to waive.

Immunizations	Waive
DPT, DT, or TaDP booster (within the last 10 years)	
MMR	
Hepatitis A	
Hepatitis B	
Typhoid	
Polio OPV or IPV (within the last 10 years)	

Waive out statement: I have reviewed the current CDC immunization recommendations for travel to India <http://wwwnc.cdc.gov/travel/destinations/india.htm> and I have made the informed decision not to receive the above noted travel immunizations. I take full responsibility and for any consequences of not being immunized prior to travel and I hold New Jersey City University harmless as a result of my decision.
